Babel

a translation cycler

Ion Ggml

Babel takes quotations for random walks in translation space
Every step is listed back to english before cycling continues

Translation is a matter of making intelligible a whole culture.
(Anthony Burgess)
:walks 1-18

There can never be an absolutely final translation.
(Robert McQueen Grant)
:walks 19-53

*It is normally supposed that something always gets lost in translation;
I cling, obstinately to the notion that something can also be gained.*
(Salman Rushdie)
:walks 54-62

The original language of Christianity is translation.
(Lamin O. Sanneh)
:walks 63-84

*Translations are a partial and precious documentation of the changes the
text suffers.*
(Jorge Luis Borges)
:walks 85-98

*Translators have to prove to themselves as to others that they are in control
of what they do.*
(Mona Baker)
:walks 99-118

Western Europe owes its civilization to translators.
(Kelly Louis)
:walks 119-138

*Translation presents not merely a paradigm
but the utmost case of engaged literary interpretation.*
(John Felstiner)
:walks 139-171

Translation is a matter of making intelligible a whole culture

Whole culture, a sense of translation

All cultures and sense of translation

All cultures and sense of translations

All cultures and sense of translations

It is normally supposed that something always gets lost in translation; I cling, obstinately to the notion that something can also be gained.

And usually assumed to loss is always something in the translation, and I stubbornly cling to the idea that they can get something.

Usually it was always assumed that I lost a few, and you can get the idea I stubbornly cling.

I always missed some of your own ideas, stubbornly insisted.

I have always stubbornly insist, I missed a couple of your own thoughts.

Stubborn, always insist I lost some of my own thoughts.

Opinionated, always insist I lost a few of my own thoughts.

Stubbornness, and I've always caught some of my ideas.

A stubbornness, I caught some of my ideas all the time.

A stubborn, I grabbed a few of my thoughts all the time.

A stubborn, I have a few of my thoughts all the time.

A stubborn, and I have some of my thoughts all the time.

A stubborn, and I have a few of my thoughts all the time.

A stubborn, and I have a few of my thoughts all the time.

A stubborn, and I have some ideas of all time.

A stubborn, and I have a few ideas all the time.

A stubborn, and I have some ideas all the time.

A stubborn, and I have a few ideas all the time.

Hardened, and I have a few ideas all the time.

Hard, and I always have a few ideas.

Hard, and I always have a few ideas.

Difficult, and I always have a few ideas.

Difficult, and I always have a few ideas.

Hard, and I always have a few ideas.

Difficult, and I always have a few ideas.

It is difficult, and always a few ideas.

It's difficult, and I still have some ideas.

It is very difficult, and I have a few ideas.

It is very difficult, and I have a few ideas.

It is very difficult, and I have some ideas.

It is normally supposed that something always gets lost in translation; I cling, obstinately to the notion that something can also be gained.

And usually assumed to loss is always something in the translation, and I stubbornly cling to the idea that they can get something.

Usually it is translated into losses, and I always thought they stubbornly cling to the idea that anything can be achieved.

This usually means the losses, and I always thought they cling stubbornly to the idea that you can not achieve anything.

This usually means loss, and always thought they stubbornly cling to the idea that you can not achieve anything.

This usually means the loss of, and are believed to have always stubbornly cling to the idea that you can not do anything.

This usually means a loss, and always thought stubbornly cling to the idea that you can do nothing.

This usually means a loss, and always seemed stubbornly hold to the idea that you can not do anything.

This usually means a loss, and always seemed stubbornly hold to the idea that you can not do anything.

Usually this means a loss, and it always seemed difficult to maintain the idea that you can not do anything.

This loss can almost always it seems difficult to have an idea of ??which he should not.

This loss is almost always difficult to get an idea of ??what he should.

This loss is almost always difficult, an idea of what it should be.

This loss is almost always difficult, I think it should be done.

This loss is almost always difficult, I think you should do it.

The damage is almost always difficult, I think you do.

Damage is almost always difficult, and I think you will.

Damage is almost always difficult, and I think it is.

Damage is always difficult, I think.

Injuries are always difficult, I think.

Injury is always difficult, I think.

Injuries are always difficult, I think.

The injuries are always difficult, I think.

Injuries are always difficult, I think.

Injuries are always difficult, I think.

It is normally supposed that something always gets lost in translation; I cling, obstinately to the notion that something can also be gained.

The general assumption that something is always lost in translation, and I stubbornly hold to the idea that there could be something.

There is a general assumption that there is always something lost in translation, and I hold strongly to the idea that it could be something else.

There is a general assumption that there is always something lost in translation, and I like the idea that it could be something else.

There is a general assumption that there is always something lost in translation, and I love the idea could be something else.

Anything else that can be lost in translation is always something that the common belief, that it's something like the idea.

Anything else can be lost in translation is always something that the general opinion is that something like the idea.

Everything else can be lost in translation always something general view was that something like the idea.

All other translation, but it can be a general consensus has been lost and always something, like this idea.

Are lost each other translations, but can be a general consensus and always something like this idea.

Performance of each was lost, but the general consensus is, and always will be something to this idea.

In general, there is always something lost in the translation is made, and that can be hard, cling to something.

In general, there is always something lost in translation, and that can be difficult, clinging to something.

In general, there is always something lost in translation, and it can be difficult to stick to something.

In general, there is always lost in translation, and it can be difficult to attach to anything.

In general, always lost in translation, and it can be hard for a pair of twins.

In general, it is always in translation, and that can be difficult in a pair of twins.

In general, it is still translation, which can be difficult in a pair of twins.

In general, it is still translation, which may be difficult to be a pair of twins.

In general, it is still translation, which may be difficult to have a pair of twins.

In general, it is still translation, it is difficult to make a pair of twins.

In general, however, it is difficult to make a translation of a pair of twins.

In general, however, it is difficult to provide a translation of a pair of twins.

Overall, however, it is difficult to provide a translation of a pair of twins.

In general, however, it is difficult to provide a translation of a pair of twins.

In general, it is difficult to provide a translation of a pair of twins.

Generally, it is difficult to give a translation of a pair of twins.

In general, it is difficult to provide a translation of a pair of twins.

In general, it is difficult to transfer a pair of twins.

In general, it is difficult to attach a pair of uniform.

In general, it is difficult to place a pair of uniform.

Generally uniform a couple of difficult to sit.

United pair of generally difficult to sit.

A pair of generally hard to sit.

In general, it is difficult to put in a few.

It is normally supposed that something always gets lost in translation; I cling, obstinately to the notion that something can also be gained.

It is generally supposed that something always gets lost in translation, and I stubbornly cling to the idea that it can also be something gained.

It is generally supposed that something always gets lost in translation, and I cling stubbornly to the idea that it could also be something gained.

It is a general consensus that is lost is always something in the translation, and I'm stuck tenaciously to the idea that something could win.

It is a general consensus is always something lost in translation, I insist on the idea to make stubborn things.

That's the general consensus is always something lost in translation, I insist on the idea of doing things stubborn.

In general, the consensus is always something lost in translation, I emphasize the concepts are stubborn things.

In general, the consensus is always something lost in translation, I think the emphasis is tough stuff.

In general, the consensus is always something lost in translation, I think the emphasis on strong.

In general, consensus is always something lost in translation, and I think that the focus on strong.

In general, the consensus is always something lost in translation, and I think the focus on strong.

Always lose something in the translation, and I generally agree stronger emphasis thinks.

I think I always lose something to translate, I agree in general.

I think I always lose something to translate, I agree in general.

I think I always lose something to translate, I agree in general.

I always think something is lost in translation, I agree in general.

I do agree, I always think of something lost in translation.

I do not agree, I always think that something was lost in translation.

He not only lost all the comments.

Not only lost all comments.

Not only lose all the comments.

Just lose all comments.

Just lose all the comments.

Just lost all comments.

Just lose all the comments.

Only lose all the comments.

Just lose all the comments.

I lose all the comments.

I lost all the comments.

I lost all the comments.

I lost all my comments.

It is normally supposed that something always gets lost in translation; I cling, obstinately to the notion that something can also be gained.

In general, there is always something lost in translation, I can thing that stubbornly clings.

In principle, there is always something lost in translation, I can not do anything.

In principle, there is always something lost in translation, I can do something.

In principle, it is not always something lost in translation, I will be able to do something.

In principle, it is not always something lost in translation, I'll be able to do something.

Generally, there is always something lost in translation, I can do something.

In general, there is always something lost in translation, I can do something.

In general, there will always be lost in translation, I can do something.

In general, there always will be lost in translation, I can do something.

In general, it is always lost in translation, I can do something.

In general, it is always lost in translation, I can do anything.

General case, it is always lost in translation, I can.

The general case, it is always lost in translation, I can not.

General case, it is always lost in translation, I do not know.

General case it is always lost in translation, I do not know.

Location is always lost in translation, and I do not know.

Place is always lost in translation, and I do not know.

Always place is lost in translation, and I do not know.

Always get lost in translation, and I do not know.

Always lost in translation, and I do not know.

Always lost in translation, and I do not know.

Translation has always, and I do not know.

Translation always, and I do not know.

Translation has always been, I do not know.

Translation has always been, I do not know.

Translation has always been, I do not know.

Translation, and always I have no idea.

Translations always have no idea.

Translations always have no idea.

Translations always no idea.

It is normally supposed that something always gets lost in translation; I cling, obstinately to the notion that something can also be gained.

It is generally accepted that there is always something lost in translation, capture, stubbornly to the idea that something can be obtained.

It is recognized widely that there is always something lost in translation and the arrest and the idea of ??continuing that they can get something.

It is well known that there is always something lost in translation and the arrest and continued the idea that they can get something.

This is a translation and nothing can be added and it can get arrested and they have lost the idea that there is always something going on.

This is a translation and can do anything and get arrested because they had lost the idea that there is always something happening.

This is a translation and can be detained some because they lost the idea that there is always something happening.

This is a translation and arrested because they have lost the idea that there is always something happening.

This is a translation and arrested because they have lost the idea that there is always something happening.

This is a translation and arrested because they have lost the idea that there is always something happening.

This is a translation and arrested because they have lost the idea that there is always something happening.

This is a translation and detained them because they always know that some of the missing.

This is a translation and detained because they know that something is always missing.

??? ...

....

....

It is normally supposed that something always gets lost in translation; I cling, obstinately to the notion that something can also be gained.

It is normally supposed that something always gets lost in translation; I cling, obstinately to the notion that something can also be gained.

It is generally supposed that something always gets lost in translation, and I stubbornly cling to the idea that it can also be something gained.

It is generally assumed that something always gets lost in translation, and I stubbornly cling to the idea that it can also be something gained.

It is generally acknowledged that the loss is always something in the translation, and I stubbornly cling to the idea that they could have got something.

It is generally acknowledged that the loss is always turning, and I stubbornly cling to the idea that they can be.

It is generally acknowledged that the loss is always a turn, and I stubbornly clings idea that they can be.

It is generally acknowledged that the loss still face, and I stubbornly is based on the idea that it can be.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Not only the translation, but the case of a literal interpretation of the model

Not only translation but the literal interpretation of the model

Not only literal translation model

Models, as well as a literal translation

Models and literal translation

The literal translation models

Literal translation model

New Century Model

New Century model

New Century Model

The new millennium

the new millennium

New millennium.

New millennium.

The new millennium.

New Millennium.

And the new millennium.

And in the new millennium.

New millennium.

New millennium.

The new millennium.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

This not only was a model, but it involves the maximum literary interpretation

It is, but it's not just a model involves the interpretation of the literature

This is true, but it is only a model of literature

This is true, but only a form of literature

This is true, but the only form of literature

That's true, but just the way literature

That is true, but the only way to literature

It is true, but the only way to Literature

True, but the only way to Literature

This is true, but the only way for literature

This is true, but the only way for literature

This is true, but the only way to literature

This is true, but the only way for literature

This is true, but the only way for literature

This is true, but the only way for Literature

While this is true, and the only way for literature

While this is true, and the only way for literature

This is true, and the only way to literature

This is true, and the only way for Literature

That's right, and the only way for Literature

That's right, and the only way for Literature

That's right, and the only way for literature

This is true, and the only way for literature

This is true, and the only way of literature

This is true, and the only way for literature

This is the only way for real literature

The only way to correct the literature

The only way to find out the Books

The only way to find books

The only way that can be booked

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation describes not only an example, but the most important opportunity to take part in the interpretation of literary

Not only translate characterized examples, but more importantly the opportunity to participate in the interpretation of literary

Translation examples only features, but more importantly, the opportunity to participate in the interpretation of literary

Translation examples only features, but more importantly, the opportunity to participate in literary interpretation

Cases only, translation function and, more importantly, the opportunity to participate in the interpretation of literature

Questions, translation work, and most importantly, an opportunity to participate in the literature to explain

The questions, translation, and most importantly, the opportunity to participate in the literature to explain

Questions and translation, and most importantly, an opportunity to participate in the interpretation of literature

Questions and translation, and, above all, the possibility to take part in the interpretation of the literature

Questions and translation, and in particular, the opportunity to share in the interpretation of the literature

Questions and translation, and in particular, to share opportunities in the interpretation of literature

And a question and, in particular, the interpretation of literature to share the opportunities.

And demand, and in particular, the interpretation of the literature share opportunities.

Supply and demand, and in particular the interpretation of the literary possibilities of action.

Supply and demand, especially in the interpretation of the possibilities of a literary work.

Supply and demand, especially in the interpretation of a literary work.

Definition of supply and demand, especially in literature.

In particular, in the literature between supply and demand.

In particular and literature between supply and demand.

Especially between literature and supply and demand.

Especially between literature and supply and demand.

Particularly between literature and supply and demand.

In particular, between literature and supply and demand.

In fact, the literature between supply and demand.

In fact, between supply and demand, and literature.

In fact, supply and demand, and literature.

In fact, supply and demand, and literature.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

The paradigm of literary translation, but in many cases, the only comment
 Model for the interpretation of literature, but in many cases only comment
 Literature semantic model, but in many cases the only comment
 Semantic model literature, but in many cases the only comment
 Literature semantic model, but in many cases the only comment
 Semantic models in literature, but in most cases you only need to
 Semantic models in the literature, but in most cases you only need to
 Semantic models in the literature, but in most cases you need only
 Semantic models in literature, in most cases, but you need only
 In most cases, semantic, literature, the models, but you
 In most cases, the semantic literature, the model, but
 In most cases, semantic literature, model
 In most cases, semantic literature, model
 In most cases, the semantic literature, the model
 In many cases, eg semantic literature
 In many cases, such as semantic literature
 Tagged literature in many cases,

 And literature.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Display is not only a model, but the question explain most relevant literature

The screen not only model, the question is best explained in the literature

The screen is not only a model, the question of good literature

Screen, the model is not just a matter of good literature

Screen, this model is not only a question of good literature

Screen model is not a question of good literature

Screen size does not matter of good literature

The size of the screen, is not good literature.

Screen size is not good literature.

Screen size is good literature.

The screen size is good literature.

The screen is not good literature.

Screen is not good literature.

The screen is not good literature.

The screen is not good literature.

Screen is not good literature.

The screen is not good literature.

The screen is not good literature.

The screen is not a good writer.

Is not super good screen.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Not the case with up to participate in literary interpretation model translation, but

This is not a literal translation of the description of the model to the participants, but in the case of

It is one of the participants, the model does not describe literal translation

This is one of the participants, the model does not describe a literal translation

One of the participants described this model is not a literal translation

One participant described this form is not a literal translation

One participant described this form is not a literal translation

One participant described this form is not a literal translation

One participant described in this form is not a literal translation

One participant described in this form is not a literal translation

One participant described in this form is not a literal translation

One participant described this form is not a literal translation

One participant described this form is not a literal translation

One participant described the form of a literary

He described the participants in the form of literature

It describes the format of the document.

Describes the format of the document.

The document describes the format.

Document format description.

Describes the format of the document.

The document describes the format.

The document describes the format.

Document describes the format.

The document describes the shape.

This document describes the form.

This section describes the form.

This section describes the form.

This section describes how.

The article describes how.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation model, but more severe in the case of literary interpretation is not only

Transfer model, but more severe in the case of literary interpretation is not the only

Mobile mode, but it is difficult, not only in literary interpretation

Fashion Mobile is difficult, not only in literary interpretation

Fashion Mobile difficult, not only in the interpretation of literary

Mobile only correct interpretation Fashion difficult

Fashion Mobile only correct interpretation difficult

Fashion Mobile only true interpretation is difficult

Fashion Mobile is not only difficult to explain

Fashion Mobile is not only difficult to explain

Fashion Mobile is not only difficult to explain

Fashion is not just, it is difficult to explain.

Fashion is not only that it is difficult to explain.

Fashion is not just that it is difficult to explain.

Fashion is not just hard to explain.

Fashion is not just for that reason.

Fashion is not just for this reason.

Fashion is not just for that reason.

Fashion is not just for this reason.

My only reason here.

The only reason for me.

There is only one reason for me.

There is only one reason.

There is only one reason.

Just another reason.

Another reason.

Another reason.

Another reason.

Another reason.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Not only translation model, but the extreme case of literary interpretation

Not just a form of translation, but the extreme case of literary interpretation

Not just a form of translation, but the extreme case of literary interpretation

It is not only a form of translation, but the extreme case of literary interpretation

It's just a form of translation, but the extreme case of literary interpretation

It's just a form of translation, but the extreme case of literary interpretation

This is just a form of translation, but the extreme case of literary interpretation

This is not just a kind of translation, but in the end, for example literary interpretation

Translation, but the form of, for example, defines the literature

Translation, but, like format provides literature

Translation, but as the format for literature

Translation, but the format for literature

Translation, but the shape of the literature

Standard, but the form of literature

Standard, but the literature

Standards, but the literature

Quality, but the literature

Quality, but the literature

Quality, but the literature

Quality, however, the literature

However, the quality literature

Literature, however, quality

Literature and quality

Literature and quality

Literature and the quality of the

Literature and value

Literature and Values

Literature and Values

Literature and values

Literature and values

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation of a scientific paradigm, but a literal interpretation of this example is extreme

Translation model, scientifically, but an extreme example of this is a direct

Models and scientific translations, but this is a clear example of direct

Models and scientific translations, but it is a clear example of a direct

Models and scientific translation, but it is a clear example of direct

Models and scientific translations, but this is a good example

Models and scientific translations, but this is a good example

Models and scientific translations, but this is a good example

Models and scientific translation, however, is a good example

Models and scientific translation, however, is a good example

Models and scientific translations, however, is a good example

Model and scientific translation, however, is a good example

Science and translation model is a good example

A good example of the kind of science, and translation.

A good example of this kind of science, and translation.

A good example of this kind of science, and translation.

A good example of this kind of science, and translation.

This kind of science, and is a good example of the translation.

This kind of science, and a good example for the translation.

A good example of this kind of research and interpretation.

A good example of this type of research and interpretation.

A good example of this type of research and interpretation.

A good example of this type of research and interpretation.

A good example of this type of research and interpretation.

A good example of this type of research and interpretation.

A good example of this type of research and interpretation.

A good example of this type of research and interpretation.

A good example of this type of research and interpretation.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Model, only translation is, however, a serious, such as literature,

Translation and model, but, seriously, such as the Literature

Translation and model, but, seriously, as the literature

Literature, such as translation and model, but, seriously,

Literature and Translation model, but seriously,

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation is not only a paradigm, but in extreme cases it literary interpretation

The translation is not only an example, but severe cases, this literal interpretation

Translation is not only an example, but severe cases, this literal interpretation

Translation is not only an example, but in severe cases, literal interpretation

The translation is just an example, but in severe cases, a literal interpretation

Translation is just an example, but in severe cases, and a literal interpretation

Translation is just an example, but in severe cases, and a literal interpretation

The translation is only one example, but in severe cases, a literal interpretation

Translation is just one example, but in severe cases, and a literal interpretation

Translation is just one example, but in severe cases and literal interpretation

Translation is just one example, but in severe cases, a literal interpretation

Translation is just one example, but in severe cases, and a literal interpretation

There is a translation, in severe cases, is one example, interpreted literally

This is an example of radical interpretation.

This is an example of the radical explains.

This is an example of the violence.

This is an example of violence.

This is an example of violence.

This is an example of the violence.

Is an example of the violence.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Not only is the translation model, but in the extreme case of a literal interpretation, as

And not only that, it is a form of translation, but in the case of a literal interpretation of the extreme

And not only that, it is a form of translation. But in the case of a literal interpretation of the extreme.

And not only that, it is a form of translation. But in the case of an extreme literal interpretation.

Not only that, it is a form of vertaling. Maar in the case of an extreme literal interpretation.

Not only that, a form of vertaling. Maar extreme case of a literal interpretation.

Not only is that a literal interpretation of vertaling. Maar many cases form.

Vertaling. Maar-literal interpretation is not the only form in many cases.

Vertaling. Maar literal interpretation is not the only form in many cases.

Correct interpretation Vertaling. Maar is not the only way in most cases.

In most cases, the correct interpretation is not just Vertaling. Maar.

In most cases, the correct interpretation is not only but the translation.

Very wrong in his interpretation, but transfer only.

The very wrong, and only one transfer.

This is very wrong, and transfer only.

This is very wrong and just.

The error only.

This is wrong.

This is incorrect.

This is wrong.

This is wrong.

It is a mistake.

This is not correct.

This is not true.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

This not only was a model, but it involves the maximum literary interpretation

This is not only a model of literary interpretation

This is not just a form of literary interpretation

This is not only a form of literary interpretation
This is not only a form of literary translation
This is not just a form of literary translation
It is not only a form of literary translation
This is not only a form of literary translation
This is not only a form of literary translation
This is not only a form of literary translation
This is not only a form of literary translation
This is not only a form of literary translation
This model is not a direct translation
This model is not a direct translation
This model is not a direct translation
The model does not translate directly
Form does not translate directly
Form does not translate directly
Form does not translate directly
The form does not translate directly
Form does not translate directly
The form does not directly translate
Form does not translate directly
Form does not translate directly
Form does not directly translate
This model does not directly translate
This model does not translate directly
This model does not directly translate
This model does not directly translate

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation is not only an example, but out in the literature to explain

Not only one translated for example, but in the literature to explain

For example, it is not simply a translation, but the literature

For example, it is not only translations but Literature

For example, not only the translation of literature, but

For example, only the translation of literature, but

For example, a literary translation, but the

For example, the translation of literature, but

For example, translating literature, but

For example, translating literature, but

For example, translating literature, but

For example, the translation of literature, but

For example, literary translation, but

For example, the literal translation, but

For example, a literal translation, but

For example, a complete translation, but

For example, a full translation, but

For example, a complete translation, but

For example, a full translation,

For example, a complete translation

For example, a full translation

For example, a full translation

For example, a full translation

For example, a complete translation

For example, complete one

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

But the highest-paid model in the case of literary relations

But if the relationship is the highest paid model of literary

But as the proportion of higher-paid literary style

However, if the ratio of the highest-paid literary style

However, the highest paying literary style

However, pay the highest literary style

The most well-paid literary style

The most lucrative literary style

Most profitable genre

 --- And I would like to thank
 --- I would like to thank
 --- I want to thank you

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation is not only an example of the end of the show, but in the literature

The translation is not only an example of the end of the show, but the literature

Translation is not only an example of the end of the show, but the literature

Translation is not only an example of the end of the show, but the literature

Translation, not just an example at the end of the show, but the literature

Translation, for example, not only view, but literature

For example, translation, not only literature, but

For example, translation, not only literature, but

For example, translation, not only in literature, but

For example, translation not only in the literature, but

For example, not only the translation of literature, but

As well as, for example, in the literature of translation, but

Like, for example, translation and literature, such as, but

I love the way, for example, translation and literature, but

I like the way, the translation, and literature, for example, but

For example, I like the way, translation and literature,

Such as roads, such as translation and literature

Such as roads, such as translation and literature

Such as roads, such as translation and literature,

Such as road construction, such as translation and literature,

Such as building roads, such as translation and literature

The translation and literature, such as road construction, such as

The literature as a way building.

Literature as a way of building.

Literature as a way of building.

Literature and a way to build.

Literature and a way to build.

Literature and to build a road.

Literature and road construction.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation of a model, but the description of the literature deals only with the highest case

Model translation, but a description of the literature deals only with the highest case

Translation model, but only in the case of literature, a description of the highest

The translation, but only in the case of literature, and a description of the higher

Translation, but only in the case of literature, and a description of the higher

Translation, but only if the description of the literature and more

Translation details, but only in the literature, and more

Details translation, only the literature, and more

Translation detail, only the literature, and

Translation detail only letters

Really just details.

Actually just the details.

In fact, only the data.

In fact, just data.

In fact, only data.

In fact, only the data.

In fact, just the data.

In fact, the only information.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Not only the transfer paradigm, but very relevant to the interpretation of the literature

Not only the transfer form, but very relevant to the interpretation of literature

Not only the transfer form, but very relevant to the interpretation of literature

Form transfer, but it is very important for the interpretation of literature do not

Send this form, but it is very important that the interpretation of the literature

Form is sent, it is important to define the literature

The form is sent, it is important to first define labels

You form 'to, it is important to determine first label

I formation ", it is important to select the first label

I formation ", it is important to select the first label

Me ", it is important to select the first label

Me ", it is important to select the first label

Me ", it is important to select the first label

Me ", it is important to select the first label

"It is important that the first tag

"It is very important that the first sign

"The first sign is proposed that it is important to

"The first sign that it is important proposed

"The first sign that it is important to take into account

"The first sign that it belongs to the nature

"The first sign, belong to nature

"The first sign of belonging to nature

"The first signs of the nature

"The first reason for the signs

"The first reason for the signs

"For the first signs of

First sign "

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation is not only an example of the end of the show, but the literature

The translation is not only an example of the end of the broadcast, but the literature

After the transfer, the transfer is not without precedent in literature

After the transfer, the transfer is not unique in literature

After the transfer, the transfer is not unique in the literature

After conversion, the conversion is not unique in the literature

After the conversion, the transformation is not unique in the literature

After the conversion and transformation is not unique in the literature

After repentance and conversion is not unique in the literature

After the success is not unique in the literature

After the success of the literature is not unique

Literature is not equal success

Literature is not equal success

Religion is not the same degree of success

Religion is not the same level of success

Religion is not the same level of success

Religion is not the same as a success

Religion is not the same thing as success

Religion is not the same as a success

Religion is not the same as a success

Religion is not the same as a success

Religion is not the same as a success

Religion is not the same as success

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

But the case is not a translation of the contract only provides a literary interpretation

However, the contract is not only to provide an interpretation of the literature

But the contract does not provide for the interpretation of the literature

However, the literature does not provide a definition.

However, the definition of literature.

However, the definition of literature.

But the concept of literature.

But the notion of literature.

But the idea of literature.

However, the concept of the literature.

However, the concept of literature.

Of God, but to understand.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

In the case of literary translation is not only a role model

In the case of literary translation is not only a role model

In the case of literary translation is not only a model

As a literary translation is not only a model,

As not only a literal translation model,

A copy of the translation is a translation of the poor

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation is not a paradigm, but if you are dealing with a literary interpretation

Translation is not a model, but if you're a literary interpretation

This is not a model. But if you interpret literature.

In other words, it is not a model. But as explained in the literature.

In other words, it is not a model. But as described in the literature.

In other words, this is not a model. However, as described in the literature.

In other words, it is not a model. However, as described in the literature.

In other words, it is not model. However as described in the literature.

In other words, described as model However literature.

In other words, model However described in literature.

In other words, describe the model however the literature.

In other words, the description of the model, but literature.

In other words, the description of the model, and literature.

In other words, the description of the model and literature.

In other words, a description of the model and literature.

In other words, the description of the model and literature.

In other words, describe the model and literature.

In other words, the best literary description.

This is the best kind of learning.

Most forms of learning.

Most forms of education.

Most forms of education.

Several methods of education.

Different teaching methods.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

The translation is not only a paradigm, it is a body responsible for interpreting literary

Translation is the only paradigm, this literal interpretation of the institution responsible for

Translation is the only model, and a literal interpretation of the institution responsible for

Translation only model, and a literal interpretation of the organization responsible for

Only the translation model and the direct responsibility of the system is described

Just move the model and the direct responsibility of the system is described

Just move the shape and describe the direct responsibility of

Just move the shape describe the direct responsibility

Simply move the figure describes the direct responsibility

Just move the figure describes the direct responsibility

Just moved to explain the person directly responsible

Just move the person directly responsible to explain

I have a direct responsibility to explain.

I most direct responsibility to explain.

Explain the direct responsibility.

Explain the direct responsibility.

Explain your direct responsibility.

Explain the direct responsibility.

Put direct responsibility.

A direct responsibility.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation is not just a model, but a large number of literary interpretation

The translation is not just a model, but a large number of literary interpretation

The translation is not only a model, but a large number of literary interpretation

Translation, this model is not only translate

Translation, this model not only translate

This model not only translate translation

This model only translation

This model is only a translation

This model is only available in English

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

The translation is not only a model, but as is the case in literary interpretation involved

Translation is not only a model, but as a piece of literature is the

Only one model is similar to the translation of literary works.

It's a model similar to the translation of literary works.

This model is similar to the translation of literary works.

This model is similar to the interpretation of literature.

This model is similar to the interpretation of literature.

The explanation of this pattern is similar to the literature.

An explanation of this model is similar to the literature.

Explanation This model is similar to the literature.

Notes This model is similar to the literature.

A similar model scores.

Dozens of similar model.

Dozens of similar model.

Dozens of similar model.

Dozens of the same model.

A lot of the same model.

Many of the same model.

Much the same pattern.

More of the same model.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Translation is not only a paradigm, but how to deal with literary interpretation

Translation is not just a paradigm shift, but how to deal with literary interpretation

The translation is not only a big leap, but how to deal with literary interpretation

The translation is not only a great leap, but how to deal with the literary interpretation

Translation is not only a huge leap, but as an act of literary interpretation

Translation is not only a big step, but as an act of literary interpretation

The translation is not only a big step, but did interpret literature

Translation is not only a big step, but did not elaborate Literature

Not only translation, but it is a big step, a detailed literature I have not discovered

Not just a translation, but it is a big step, and detailed literature that I have not found

Not just a translation, but it is a big step, and detailed literature that I have not found

This is not a translation, it's a big step, and I saw that literature

It is not great, and I have seen a letter grade has been transferred

Is not it great, and I saw the message transfer row

Is not that great, and I got the message transmission

Not too big, and I got the message transfer

Not too big, and I received delivery of the message

Delivery is too big, and my message.

Is too big, and my message.

Very large, and my letter.

Very large, and my letter.

Too big, and my character.

Very large and my personality.

It is very big and my personality.

It's too big, and my personality.

This is too big, and my personality.

S 'too big, and my personality.

S overweight and my personality.

S overweight and personality.

Translation presents not merely a paradigm but the utmost case of engaged literary interpretation

Model for literary translation, but in many cases, only comment

Literary translation, but in many cases the model, just a comment

Literary translation, but in many cases the form, just hang

Literary translation, but in many cases, I will

Literary translation in many cases, however, I will

In most cases, however, literary translation, such

In most cases, however, and literary translation,

In most cases, however, and literary translation

In most cases, however, and literary translation

However, in most cases, literary translation

However, in most cases, a literal translation

However, in most cases, the literal translation

However, in most cases, the literal translation

However, in most cases, the literal translation

But in most cases, literal translation

But in most cases, literally translated

But in most cases, translated literally

But in many cases, literally translated

But in many cases, literally translated

In many cases, literally translated

The literal translation
